a dedicated website to prepare your route, calculate your distances and download GPS tracks

Specially equipped trains can transport cycle tourists from June to September. 50 to 83 spaces for bicycles on the Orléans-Tours-Nantes-Le Croisic line. Free service, reservation required.

850 professionals involved in the "Accueil Vélo" initiative: accommodation providers, tourist sites, tourist offices or bicycle rental and repair outlets located less than 5 km from the route offer services tailored to cycle tourists' needs (secure bike room, repair kit, bicycle cleaning equipment, etc.)

Option to rent electrically assisted bicycles (EABs) and to recharge them all along the route. Several fast-charging stations are available on the route.

## Passport Loire à Vélo

Just like the Santiago de Compostela credential, it is now possible to obtain a *Loire à Vélo* passport! Collecting the stamps in the various member sites of the collective is a way of ensuring a quality welcome, feeling part of a community and creating a wonderful souvenir!

## Which guides to plan your route?

-3 guides in French: Routard Guide editions, Editions Ouest France, Chamina Editions

-1 guide in English: Editions Ouest France - Wonderful Brittany

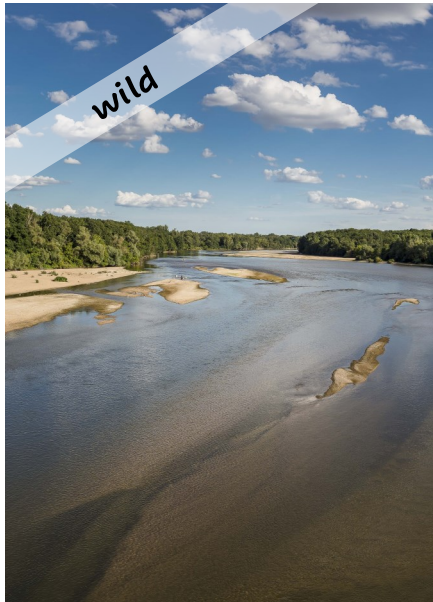

-1 guide in German: Bikeline

-1 guide in Dutch : Lannoo

The "Abricyclos" are simple accommodation facilities tailored to cycle touring, such as bivouac tents on stilts. They are available per night and consist of a shelter with a picnic table on the ground floor and a high sleeping area for 2 people. There are many campsites along the route that offer this type of accommodation.
